It's important to have a gloomy appearance to counter those who do not have it.

Well, that's 3 game soundtracks in one night. Guess there's more posting from me today then I originally anticipated.

I'm running out of short ones....

#### [Mirror's Edge Soundtrack-Solar Fields-Introduction](#)

This soundtrack has 10 songs if you don't include the one with singing and the instrumental version of said song with singing, but the shortest song is 5 minutes long. Pretty long songs for a soundtrack. This soundtrack is like ambient electronic music with awesome drum and bass moments.

In other words I've listened to this soundtrack before, too.

Maybe I'll do 4 albums tonight....kinda doubtful, since I'm either pondering going to bed real soon or watching a random movie....since everything I want to see isn't easily accessible for me right now (legally) so instead I'll just grab something at random. With people I know in them, at least. Good way to search for movies that are more likely to be decent.

I just counted and I have like another hour of this soundtrack left....7 of the songs are 7 minutes long, so that helps the length.
