Monkey 2626 perished in the development of the Antifa supersoldier program. He seemed promising. He was not.

Monkey 2619 was the owner of a gun shop. He was selling revolvers to Jerry Miculek. Jerry was looking at some nice S&W's, and Monkey 2619 said to him;

"Those Smith and Wesson's are nice, but what you really want is a Colt Python."

Monkey 2612 was also bitten by a snake. This bite, however, was not lethal. No, it merely made him *seem* dead. So convincingly, in fact, that he died, somewhat ironically, during his autopsy.

Jebslund is a nation of kerbals ruled by Emperor Jebediah Kerman. We reject tyranny, believing that rights should be protected, though we also believe said rights end where the rights of others begin. Shockingly, we *do* use NS stats, with the exception of lifespan.
