Onto a new album, and the first song is like, psychedelic with some other sounds I don't really know where you'd throw them into.

Going through these songs, I remind myself how much Secret Chiefs 3 I actually know from over the years. I've recognized every song I've heard so far. Secret Chiefs 3 is partly what I grew up on, so. I've heard all their stuff many times while riding in the car, on my dads computer, and so on.
