Behind the free market lies the iron fist of the state - the one thing I learned from The Blaatschappen, excluding how to say sheep in dutch.
Update: apparently it's bleating sheep.

CYNIC, n. A blackguard whose faulty vision sees things as they are, not as they ought to be. Hence the custom among the Scythians of plucking out a cynic's eyes to improve his vision.

Jonathan Coulton (feat. Suzanne Vega) - *Now I Am an Arsonist*

I'd give a thousand pounds to any non-Scot who could actually pull off a convincing Scottish accent that isn't clearly an imitation....

If I was the sort of person to give anyone 1000 quid for something like that.

The West won the world not by the superiority of its ideas or values or religion ...
but rather by its superiority in applying organized violence. Westerners often

forget this fact; non-Westerners never do.
--S. Huntington

The most fundamental problem of politics is not the control of wickedness but the limitation of righteousness.
