The Hog Rider card is unlocked from the Spell Valley (Arena 5). He is a very fast building-targeting, melee troop with moderately high hitpoints and damage. He appears just like his Clash of Clans counterpart; a man with brown eyebrows, a beard, a mohawk, and a golden body piercing in his left ear who is riding a hog. A Hog Rider card costs 4 Elixir to deploy.

And today, this motherfucker is named after me.

I use a relatively simple cheat to game console games. What I do is turn the switch on the controller I use into a button on the console, and then I press it to trigger cheats that give me a better experience. Here's what those che

In the days of the great struggle against the foreign enemies, who for nearly three years have tried to enslave our fatherland, the Lord God has been pleased to send down on Russia a new heavy trial. Internal popular disturbances threaten to have a disastrous effect on the future conduct of this persistent war. The destiny of Russia, the honor of our heroic army, the welfare of the people and the whole future of our dear fatherland demand that the war should be brought to a victorious conclusion whatever the cost. The cruel enemy is making his last efforts, and already the hour approaches when our glorious army together with our gallant allies will crush him. In these decisive days in the life of Russia, We thought it Our duty of conscience to facilitate for Our people the closest union possible and a consolidation of all national forces for the speedy attainment of victory. In agreement with the Imperial Duma We have thought it well to renounce the Throne of the Russian Empire and to lay down the supreme power. As We do not wish to part from Our beloved son, We transmit the succession to Our brother, the Grand Duke Michael Alexandrovich, and give Him Our blessing to mount the Throne of the Russian Empire. We direct Our brother to conduct the affairs of the nation with the representatives of the people in the legislative bodies on those principles which will be established by them, and on which He will take an inviolable oath. In the name of Our dearly beloved homeland, We call on Our faithful sons of the fatherland to fulfill their sacred duty to the fatherland, to obey the Tsar in the heavy moment of national trials, and to help Him, together with the representatives of the people, to guide the Russian Empire on the road to victory, welfare, and glory. May the Lord God help Russia!

Don't make the Spain!

Fyddin is a kind yet isolationist nation with a Parliament, Grand Court, and Jarl which serves a presidential role. Though laws may be strict, all decisions are made for the average benefit and safety of the citizens. The fishing trade is thriving, weed is legal, and the people are happy.
