Classic communist symbolism. Nice.

[She/Her](#)

People tend to assume that Entrance of the Gladiators by Julius Fučík is what that ever so famous circus clown theme is. And it is. Nobody would ever argue with you on this fact.

However, if you want to be an unlikable, pedantic jerk, the song actually known as "circus music" would be a version composed for American woodwind bands (and later transcribed for fairground organs) titled Thunder and Blazes, published by Louis-Philippe Laurendeau.

Of course, this information is of absolutely no consequence to anyone.
