A medieval fantasy kingdom waging a never-ending war against dark forces from the east.

Pfffft. A 'never-ending war'. Amateurs. You wanna see what a decisive, quick and non-drawn out conflict looks like, all you have to do is watch our boys in the Senora Wasteland's decades-long fight against the Legion. We've only lost thousands and thousands of soldiers, drained our agarian economy and stretched ourselves completely thin, and I swear every day we're just one decisive battle away from victory! *We swear!*

***"We won't be taxing, bureaucratic hypocrites forever!"***

***We're fighting a costly, not at all drawn-out war against the Roman cosplaying enslaving scumbags known as [Caligulas Legion](#)! Suck it and die from your 'headaches', you bald b\*stard.***

***Are you aggressively coked-out? Do you join regions for no reason? Do you like copious amounts of drugs, eating Mexican food from taco trucks and the searing hot desert sun? Join [Calexico](#) and [Mexicali](#) then, moron.***

***Do you too wish to patrol the Senora, almost making you wish for a nuclear winter? If so, consider joining our [Embassy Program](#)***

Winter out; spring in for public parks

That's right folks, it's spring again and the public parks are looking more beautiful than ever! We have the sound of luscious birdsong, the gentle swaying of trees and the sounds of families laughing, walking and having picnics... homeless people defecating behind park benches, needles on the floor, morons taking photos with their smartphones...

Oh, right. I forgot these are actually nice public parks and not the shitholes that Los Santos calls public parks.

New England, New Scotland, other Republican Strongholds, bar LNP candidate Gilbert T. Rudman from appearing on 2024 election ballots after he was accused of 'collusion with foreign powers'

Greater Kastovia undergoes its first official flag redesign, unveiled in special ceremony at the National Assembly

The amount of unnatural colours the new flag has makes it an abomination. The previous one may have been simple and made using Scrontch's Flag Maker (or whatever it's called) but it was much better than this one.
