2/10. Nothing super-sinister going on here. The symbols on the flag are unique, but they don't look too suspiciously evil.

2/10, seems like a mostly harmless China

My nation - which is pretty much just a unified Korea with some extra territory - represents my real views, as does pretty much anything I say on the forums. NS stats only broadly representative. Feel free to call me Q&K, Quartia, or any other nickname.

Wings and a skirt?

That is either VERY unhygienic or a HIGH degree of entrapment.

Or BOTH!!!

8/10, angry bear flag, with a possibility of mauling!

3/10 Neutral. The nation has its flaws but is certainly better than a lot of nations in the real world.

4.5/10 The intricate central symbol with the radiating sunburst makes me think this nation is theocratic or tending towards extremism... one to keep an eye on.

2/10, there's something symbolic in their flag; but it's too plain to be intimidating.

My travels take me many places, from the scorching sands to the cold, dark vacuum of space. But I always return to my friends and family at The Pub.

5/10, because the flag eerily resembles an eye, but less sinister due to the purple bands

and

2/10, respectively

A civilization with an over 3,000 year history of lizard people killing each other and enslaving everyone else. Now they've finally calmed down and formed a modern westernized constitutional monarchy. (long live Emperor Yoshio!)

Note: Any factbook entries over a year old are severely out of date and may be subject to extreme revision and retconning soon. If you have questions on anything about Ru, please feel free to ask.
