Parliamentary Republic.

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.

Theocratic Monarchy.

"The Sith are masters of the Galaxy. No-one, not even the Jedi can surpass our power."-Darth Nox.

The Sith Empire is one of many Star Wars nations, it is based off the Sith Empire from the popular online RPG known as "Star Wars: The Old Republic", we are in no way connected to the Galactic Empire as seen in the original trilogy.

We must also inform you that we do not use NS-Stats, as we are a spacefaring nation that rules part of a galaxy, those stats would not mesh together with our lore.
