Blink 182 - Dammit

Founded: 2480
Current year: 5001
Magic: Non-negotiable
Ponies: Yes, occasionally

Tech levels incompatible? Then kick me out of the thread, because if you RP with me you accept my tech.

Note: Before 2480, Olwe was called Athan. If you see this word in a thread, it's because you mentioned a year incompatible with Olwe in that thread but still made it open to all techs and therefore are allowing Athan's magic.

That's also great, but could've been better if they kept out the middle part, imo.

Queen - *Bohemian Rhapsody*

The opera part is easily better than anything I've ever fucking heard, and that's no exaggeration.
