Your Leader's Opinion on AN's Leader - ♥ Mk. 14 ♥

[QUOTE](#)

by **Valentine Z** » Sat Nov 16, 2019 6:15 am

Thread 12 ended too early in an attempt to beat me. :P Now, it's time for me to call dibs on Mk. 14, even if Mk. 13 is 11 pages short (Mk. 12 ended with... 90 pages to spare?)

Anyway, technicalities aside, you know the drill! As the Title suggests, your Leader's Personal Opinion on the AN (Above Nation)'s Leader. It is highly recommended that you have a factbook on your leader in order to participate. A factbook less character can be very difficult to talk about, apart from having only the name.

As always, respect the ninjas, and if you are afraid that you might get ninjaed, you can always use "Preview", and it will show you the most recent posts below yours. That way, you can check who has newly posted, and you can still edit accordingly, rather than doing it later. EDIT as of 12th Sept: And please try your very best not to reserve or call dibs on posting. I know it's not nice as an OP for me to make rules like that, but let's just call this an etiquette.

A new unwritten-but-now-written rule is that it does not have to be just your Leader himself. Sure, the title does say leader, but recently, for those that has a lot of characters, feel free to use any other characters other than just the leader. If you have a President, for example, you can still use your Vice President, Prime Minister, Vice PM, Secretary... basically those characters with a high degree of importance to your nation. It adds to the variety.

Without further ado, let's get started.

From Mk. 13:

“Zitravgrad wrote:

"Immortals are often the pretentious ones but I believe I can be nearly as pretentious. Such well-tailored suit -- good appearance denotes good manners and education, or at least that is how I judge people in my book."

ahem

"May your next century be paved with rose-tinted marble, great prince. You have reigned long, fair and well and I have no other petty complaint of political agreement or opposition. It is the end that matters -- the means will justify. Long may you live... and I pray that your people do not become disillusioned with this Immortal Prince merely just because they have seen his face for their entire existence. We should be relieved you are not comically evil or ridiculously arrogant."

[Mr. Kazimir Ivanovich Miroslavsky, Premier of Zitravgrad](#)

Valentijn "De Siertijke en Vrij Valkyrie General ov Valentine Z" Samantha Maxwell Delta Weston Stijn Angelus Tracey Mitchell Tristian Marnix Svitw. Lewis Hyatt X. Constantine Sein Lin ZawNaing: Ahh, Mr. Kazimir! I have heard a lot of good things about you, of course! You have been a very long time friend of the Valentians, and I am sure that you have been told that wayyy too many times. I am just saying that you and your nation have been a great and valuable part of the Valentian history, and we have taken note of that as well!

[Remove ads](#)

Anyway, now that I have sang the praises, I must also unfortunately sang the negatives of your character. You see, as much as I like you, don't get me wrong, I cannot help but feel that you have been.... pretty sadistic in nature. I am not sure if you have been this way throughout your whole life, but you can certainly change that now, my friend. Being violent, or wanting to see others hurt is not the way, and I will have to warn you before you decide to torture someone that you have no way of winning over. As always, I am very positive on you, my friend, haha!

(I WILL BE FIRST FUCKERS)

So, I have heard much about this Valentijn guy. Although I have not been personally acquainted with him Yet, I do believe that he is a good person. He stands for a lot of things I stand for. He's happy, he believes in the welfare of the people, he even does his best to remove the military, only keeping reserves around for when it is necessary. Of course, I do not particularly agree with him on everything. Who names a nation after himself? However, I do believe the good heavily outweighs the bad in this case. I have not been personal with this man, but I can safely say that I like this man.

Also, I agree. Kittens are amazing.

Costal Union (IC Year: 2013)

A large republic of peoples united against the Saudis. Loosely aligned to either NATO or the East depending on who's less chummy with the Saudi.

Based on my views, with a few exceptions (Unification of the Coast, Etc)
Does not use NS stats. Yes, this nation is extremely unrealistic.

Muhammad has my approval as it seems to be only leader from the surface that officially and publicly opposes the Saudi State. That is directly responsible for financing terrorism on a global scale. However, his advocacy for progressive thought makes me if he seeks to rewrite the wrongs of such an ideology that infects the western world or allow to devour his nation like many others. If so, I see no future for his country without it failing into ruination.

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...

I can't say, that I dislike this dude, but he could be more... secular."- Shawn Bjornson

"And now, let's speak of something and someone more positive! Gwen the pilot! Once, she piloted a fighter and did a damn good job in many missions. Then, a black hole somehow granted her powers and now she controls fate and time itself. Should she mess up somewhere, she will fix it. Dossier says, that she somehow broke the fourth wall and found out, that we are but actors in the show on some website, and that the "dude behind the screen" controls our every single action, and she met him. Those are some claims... But given her nature, there is a possibility. So far, I have a strong positive opinion on her, just like on any other man or woman of Valentine Z folk.

I've heard legends of certain people gaining abilities from exposure to radiation or toxic wastes, but black hole... this is something new. A drink to this original way to gain superpowers!"-Shawn Bjornson

Not much info on her, to be honest... As long as she upholds democracy, I am neutral on the stance of Cantalese monarchy. However, it is still distasteful, if she suppresses the republican elements. Not much on her political views either - mostly height, age, residence, and other small trivia. Although, I can assume, that she is one of those reformist liberals - ugh, curse them. Some of them do still exist in our world, and think, that the beast can be reformed from inside. However, we know, that it is not the case - it can be only achieved by revolution. Sure, fields might start to soak with blood, and smoke from burning army bases might start to rise in sky, but is it better than going like cattle to slaughterhouse? Situation of her world is different, of course, but still - I hope, that she holds off back far-righters, and other ilk.

Mercer is a walking host of lies and contradictions, beset with the worst mental affliction I believe a man can experience - delusion. A supposed 'president' who reigns 18 years is not a president, he is a dictator, either through corruption keeping him in place, or a tyranny of the majority. If you want to have sole authority, be my guest. Just don't dress yourself up as something you are not." - [Sarkos Tundhix IV](#)

" We will not bow to your dictation. We are free. We bled to be free.
Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

It's funny how similar and yet how utterly different we are. Both of us were separated from our families at a young age, both of us led nationalist revolutions, yet the underlying reasoning behind his was almost the exact opposite of mine. Seems to me like he was motivated by preserving the parasitic aristocracy he was born into. I have nothing but contempt for his reactionary worldview, but I guess I can respect his ability to rally his people and overthrow his adversaries.

"Hmph. I'm tempted to hate him for his bolshevist views, but his nationalism balances that out to a good degree. Marxism is still a problem, though he isn't nearly as much of a deadbeat degenerate as most imbeciles who believe in the communistic form.....Really, a man who loves his nation and seeks to tear down those who poison it is admirable.....though his anger is aimed at the wrong people. The aristocracy is not to blame. It's those who handle our money that are."

What happens when you cross anime powers and overpowered leaders with furies, all written by a bored Homestuck fan with too much time? Well, you get Rumei. A multiethnic, FT republic with both might and magic that let it conquer the entire Orion Arm.

A 7.6 (this is probably outdated but I can't do the calculations rn) (Tier 9, Level

6, Type 9) according to [this index](#).
Come to The Orion, we got [CULTURE](#) and [FURRIES](#)

Show Recommendation: Cobra Kai. It is very, very good.
IC Name: Roman Republic, or simply Rome (Rumei). Occasionally called the Ignisian Republic. Current year is 2697.

“Jeez Louise, he’s edgy as ffFUCK man! I’ve seen edgier edgelords around here and he doesn’t even come close to supreme edgelord! He really needs to go back to pre-school and finger himself to make an edgier backstory.”
