Suigintou or Suiseiseki

First impression: "Mercury vapour lamp" vs "Jade meteorite" ? The second one is not a bad name, honestly, but the first...

Then I found out they are from a series called "Rozen Maiden"

But still, who named that character "Mercury vapour lamp"?

Yamada frowned at hearing Kotera's answer. If what he said really was correct, then he had been invited to the Chairwoman's Birthday Gala....meaning that the man in front of her wearing a miniskirt and short sleeved shirt was actually a delegate of some sort. Even though he didn't look like a diplomat or leader- and certainly not in that rather humorous cosplay- the way he spoke so nonchalantly leant his words a degree of credibility.

Keep in mind this is @Kotera.

In a miniskirt.

This is beautiful, it brings a tear to my eye.

It's actually a toss-up. Like, Magathor's a literal death god, but... I don't trust Oomiya. Those eyes have seen things.
