Nothing's quite as good as Russian monarchism.

### THE REPUBLIC OF CHERNARUS

A country in Eastern Europe, more specifically in the Green Sea Region, near the Caucasus. It is bordered by Russia and the Black Mountains to the north, Takistan to the west, and the Green Sea to the south and east. The capital, Novigrad, is situated on the coast of the Burnaya river delta in the south-west of the country, not too far from the border with Takistan.

Colonel Jurten leads Krieg, with his second in command now leading all of Krieg's forces on Earth. As such, Captain Hans Lanok is the representative for Krieg for scenarios on Earth, with Jurten being on other planets.

NS stats are not canon. We do not do grid wars or NS Stats, all wars must be fully RPed.

8/10 for being a triangle within a circle within a rectangle while still avoiding being overly square.

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American

cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

*Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.*

Edit: Ninja'd. Grrr...
