Something something, worship the stars and cosmos. Either some religion that pertains only to them, or it's irreligious.

"Free will is a myth. Religion is a joke. We are all pawns controlled by something greater: Memes. The DNA of the soul. They shape our will. They are the culture - they are everything we pass on." - *Monsoon, Metal Gear Rising: Revengeance*

No, this nation and its flag is NOT based off Minecraft, Terraria, or anything of the sort. I made the flag using an app on my phone (...and ran out of space). Please stop making relations to such, as it has become highly irritating to be compared to such. The art is of my own creation, and of my own ideas, not from a pre-existing game. Thank you.

Take the NS Stats with a grain of salt - not all generated policies are completely consistent.
