Delivery companies struggle with "extreme parcel load"

Awww, if only they had an entire year to prepare for this load that comes every year at exactly the same time since time immemorial. :
((((((

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

IC-wise the amount was much more than previously expected; it's not exactly something that was foreseen.
