Okay, so I'm not listening to this now, but I will be, and you should too...

Strangefolk is an amazing band, the link is to the live feed (free download or stream) They will be doing the entire show (my friend Jefferson is doing the lights)...Seriously, check it out, you'll be glad you did! The feed starts at 8 pm EST.

I prefer the online people I know. If they were around I'm certain I'd like being around them, but being in a small conservative rural town doesn't give me a lot of options for socializing, so online is the better choice for me.

I just...don't really socialize with anyone beyond family, unless "forced" to. No good reason for it. I have enough friends online that I feel even less need to go out of my way to socialize with people in reality. Of course my grandparents have a problem with that but

whatever.

I feel forced to sometimes, because people seem to think I dislike them if I don't want to socialise with them for a while. □
