Man attempts to take over the ISS, but Aila foils him again, and he falls down to Earth and dies because he was not in his spacesuit. New man.

*Man was an impostor.*

*0 impostors remaining.*

She then pilots the ISS out to Planet Nine, which somehow has a Pluto-sized moon.

She finds Mannus there, who reveals herself to be Samus Aran. They ally with each other, and with their crewmates and Metroids, plan to retake the solar system from Man's nation.

Samus has her own time machines though, and they show conflicting views on the future. She uses them to communicate with Man's base on Earth.

Man takes a quick break and signs up for an account on NationStates, a nation simulation game, where he can create a nation according to his political ideals and care for its people, or deliberately oppress them, its up to him.

Feeling threatened, Man seeks the counsel of the wise and knowledgeable Max Barry.

"In the degradation of the great way come benevolence and righteousness.  
With the exaltation of learning and prudence comes immense hypocrisy.  
The disordered family is full of dutiful children and parents.  
The disordered society is full of loyal patriots." -*Tao Te Ching*
