Monkey 3781 was in Savannah, Georgia, in December 1864...the day General Sherman gave the city to Lincoln as a Christmas gift.

Monkey 3776 (would have been 3777 if not for the ninja) won a 777 jackpot. The next day, while about to board a bus to ride to work, he was dragged off the street by cartel goons and shot in the head.

...what.

Are we implying that Alastair is thick-skulled? Why are monkeys jumping into his brain?

Monkey 3764, who was relieved that he was not at risk of Palindrome Syndrome, went skydiving, Rocky Mountain climbing, and went. 2.7 seconds on a bull named Fumanchu. He was later arrested for copyright infringement and tried to escape prison. Though he survived, he accidentally ran into Alastair, who drunkenly fell on top of him. Several hours later, the two were rescued; Monkey 3764 then attacked Alastair, only to be killed by his bodyguards.
