Rich Brian - Cold. I remember listening to this artist in late 2018, with stuff like "Dat \$tick", "Seventeen", and "100 Degrees". This seems different to the aforementioned, being more moody and calming, a bit like 2Scratch's recent music, such as the Beyond of Tales album. *People sayin' that my words are colder than the winter; it's Brian not Britta so I'll never have a filter...*
