(Please don't respond to the nation that responded to you, it seems a bit unfair)

Based on their factbook they love anime an WH40k, and are actually a strange combination of both with a bunch of here--- I mean, space marines worshipping a 40k god created by the AN.

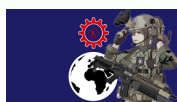

I felt like going on a power trip, and thought to myself "Hey Ell, what nation/faction would be possibly the most overpowered one you could create?" And somewhere in my head the name "The Combine" screamed. So this is exactly wat I'm doing! Pray that the Union doesn't notice you, because it probably won't.

That apparently one of their used weapons is dark matter, for which I am not sure, if it would make a good weapon, as we don't exactly know yet, what dark matter consists from. Perhaps anti-matter could be a better choice? (It annihilates all matter, that it interacts with - in fact, that was what happened during the first seconds of our universe)

They are run by large private corporations with the support of a strong military force. Also, according to the map, this whole nation is a role reversal between Japan and Korea.

It seems like pre-ISALE Algerian politics are influenced by the Spanish rather than the French which sets as a precedent to a terrorist organization taking power in rooting out Western and foreign elements.

Uh, we don't have an assembly? We have a Senate and a House of Representatives, the chambers of our Congress. What you're referring to is our Senate, the upper house of Congress.

"Since its Establishment, North Germany has officially been a secular nation, guaranteeing freedom of religion within its border. The Constitution puts the Church beneath the state, allowing heavy-handed intervention of the Secular government and Intelligentsia into the affairs of the Church. Despite its secular identity, it has a very religious population -though that is slowly seeing a decline- and many called for an implementation of Christianity (Specifically, United Prussian) as the state religion, though its appeals aren't put into serious consideration by the Government."

Sounds good in this department.

An individual known as Ma'iq Payâmbâr (which, oocly, means "Ma'iq the Prophet" in Persian) or by the Theonym Zûnzâde (Which, oocly, means "Child of Zun" supposedly "Child of Sun", also in Persian) was a first-era Kamat preacher and religious leader, and the founder, primary prophet, and herald of the Zûnbil system of faiths. Most modern Zûnbils believe that he is the literal manifestation and physical incarnation of an aspect of Zûn, the Sun God.
