Yes, I would live in basically New Zealand but better.

All NS Stats are canon.

Oh, and I guess you can make up anything else about this nation, like geography and such, based on your own imagination. I don't really plan on writing lore on this nation, at least for now.

We are the destroyer of dictatorships, protector of the weak, defender of the innocent, and the preserver of democracy.  
All NS Stats are canon excluding population and economic output.

If NS stats were canon, which is very rare for capitalist nations, I would say the crime would turn me off, but given the amount of nations who exclude that from canonical status, I'd say yes.

Absolutely not. Extremely cold winters and hot summers, plus an authoritarian government. Now that is one place I would definitely do not want to live in.
