Correct answer: Nacrad has been trying to emulate its British paragon more subtly, as it is a heavily Westernized country.

No idea about the context of this but it looks like Belka is having a mental breakdown due to ongoing civil wars.

OBC is short for Osean Broadcasting Corporation (A group who spread lies about the 1995 Belkan War) and the entire part about south Belka and Belka being whole again someday is also about the Belkan War and what led up to it. 3 countries (Ustio, Recta, and Geber) had illegally separated from Belka and during the Belkan War Osea had taken South Belka during the peace talks. Belkans on both sides of the border did not like that.
