Absolutely not! We would never live in a society that spends more money on reading books than locking criminals up!
Besides, they have the evil stink of metricism--I'd rather dig a 2,305.22 length hole for my own corpse than submit to "meters"!

Yes. Less mundane then my RL country.

There is no divine feminine.

My nations policies are not economic, but a deliberate attempt to kill of the spirits and the sacred forests of the Pagan rebels.

My nation does NOT represent my RL views.

Nooooo. They have "civil rights"! Last time our people had any rights whatsoever, a civil war ensued!
They're just asking for oppression and incessant bloodbaths!

They also allow machines to have rights! The government is obviously trying to oppress their citizens with these inhuman machinations!

Could take it or leave it

The Republic of Ourisio: A semi-isolationist democratic socialist, "muscular" parliamentary republic with hispanophone minorities, conscription and a world-class aerospace and tech industry in the far north. Famous for pioneering powered flight and bad food. Think "Norwayifornia" but more fighter jets and robotic arms.
