Really not much info to work with here. From the limited sources available, he looks to be just another immature, uncaring cretin. The kind of ruler who does what they do for simple personal gain, while at the same time having the gall to badmouth others. He's a *slave*, for fuck's sake. In this day and age? Let's not even start with the child labour, state-enforced heterosexuality and legal discrimination between the genders. I mean, I'm actually in agreement with him on the commie, but at the very least *that* bastard's tried to move past the middle-ages in the realm of policy-making. Beyond straight-up theocrats, this moron and others like him exemplify why it is the Syndicate exists in the first place. Humanity's better than this.

"One that serves the director. Your loyalty must be highly appreciated, I've only seen it happen a few times in Lowblood where a king finds someone who truly swears themselves to a king's cause. Only now has my nation come together where all stand as one.

It's nice to see there are still ones with compassion in their soul, even if it did falter at times. I believe you have good motives as a guard should, even when you start to notice that ones you serve are not perfect, you still chose to fight, not for them, but for the people, for yourself.

You went down and luckily you were saved, given another chance. But if you did die, you would have gone down fighting, and that gains my respect."-The first king

Ah yes, the Tyrant. Who has risen from the darkness to ensure the so-called liberation of his people, who were already freed by the Rapture Government and had lived under a golden age of prosperity before he decided to show up and bring an age of war, as my subjects were forced take up arms and sharpen their bayonets to strike his demonic hordes out upon the trenches, beyond the colony's walls. He should have stayed in his coffin, this undead rebellion is not going to end in his favour, Artemis Prime shall be triumph over his legions and we shall once again live in an age of golden paradise and heavenly peace. #### Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who

fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...

"You are a fool with false hopes. You were just ruling as a normal leader would, just more oppressive as some have been.

The only reason I don't accept your rule is it was not by Lowbloodian law, you see to destroy that.

You killed an innocent man, an innocent king. Just following a path that was carved for him by fate.

You simply invaded in the night and violently assassinated one that truly didn't deserve it.

Thinking you were cutting the shackles, only serving Rapture you put more oppressive shackles. Know your place, you can not use such an insult as "Tyrant" when you serve and have personally become one. You will see who suffers more in the end, as I only have more tricks up my sleeves." - The first /skip

"So, in other words, Rapture comes through, and takes over Low Bloods. I think I need to refresh my memory and my storage units on who you exactly are! I know a little bit about both of you, but not too deeply, I will have to say so! I am positive on both of you, of course! You are both the committed and honest members of the law enforcement, and I am so happy that things are working rather well for the both of you! Well, pretty well in the sense of "being in a coma", at least. It still hurts to see that someone like you, someone who is the friends of many people around him, is in a coma. Someone that has helped a lot of people, was in many, many adventures to boot, and all-around a hero in Valentian standards! Now even coma can stop someone badass as you, I see!

For that, I am positive on you, Mr. Tanner! As for Mr. Jones, positive as well! There is unfortunately nothing much about you, other than the fact that you seem to be... you seem to want Mr. Tanner to woo-hoo a little in the bed, if you know what I mean? ;) Anyway, good looking out there, you guys, and I wish you all the best! The new power is amazing, I will have to say! I personally would want to move around physically myself, but if you can transfer your consciousness to other people and drive their cars, that is still pretty okay to me! What a fascinating scientific phenomenon! Oooh, I must get going! Have a good day, you two, and to everyone around you! ♪ My little friends, it looks like we are already friends and acquainted with one another, and so I would still ask: Would you be my best friend? foolish trust in a democratic system that has only caused trouble for its people and those outside of its borders. Hm, the latter speaks more truth, when pondering this thought. Otherwise, his policies are reasonable for a man of his position to actually achieve in a democratic system, when looking at improving the country's infrastructure, border security, law enforcement. And, huh, well, could me surprised he's the first Republican that abolished money in politics. I thought that would be impossible for a democratic state like Athenin to do, like at all. Well, then. This does correction some of my stereotypes when it comes to democracies. Overall my assessment is natural.

"Being in a sane and stable state of mind I have to wonder. Why did you end up being the villain in our nations tale.

John, I thought you were the one that I could see visiting my grave, not destroying it as you had attempted multiple times

With your suggestions, I always knew it was a matter of time before you overstepped your boundaries. And even I know The first king is too stubborn to let you accomplish your goal, he'd rather see Lowblood consumed by the vary thing it holds rather than let the specific vision you let into play occur.

It's only a matter of time till our people have suffered enough to spread to your own. Sending your forces in as a sense of dominance. A declaration of war that you rushed into with only so much as a weeks notice.

And I must say, Stone? You know with a guy like that in charge The Lowbloodian populus would have Rebelled on their own.

They've toppled Immortals before, soldiers have torn through droids before, they probably took one look and decided it wouldn't be long for a guy to waltz in and take back and reform the throne.  
You'd just be walking in a circle that would plant your feet right back to where you started.

Yet you somehow brought everything together in a sense that instead of fighting ourselves, we now have an force wishing to disrupt the way things have been for centuries, I paved a path to become more and you sought ruin to it.

Now all I can do is watch as a new path, one of chaos is created all in your name. uncalled for, pointless, a blemish on you."-Oni, the fallen king

[Head Secretary Jamie Izabella Maxie Clara "The Elegant and Magnificent Mathematician" Pemella Ellie Natie Lexie Marie Valerie Ruby Astriör Fni. Clementine Millicent Cassandra Alex C. Eirian](#): Ahh, oh my!

What a wondrous time for me to come back to this very place! It has been rather long, if I verbally express so myself! If you are wondering on the reasons on how I came about here, despite me

being perhaps hundreds of years old? The wonders of Valentian Science, my friends! Oh my, where was I? Oh affirmative, about on this Empress I have to verbalize with. And I will verbalize, I have the displeasure of meeting one of the more atrocious persons that ever graces this very place, and the macrocosm

holistically, I am sure! Ohh dear, where am I? My Darling Empress, you are one of the most repulsive beings I have the accolade of meeting, and that is verbally expressing a plethora of things! I have the delectation of meeting quite a handful magnitude of people on my time here, as well as being told by the other Valentians on the nature of the people here! You might not aurally perceived or ken about them, but sometimes, I miss your other variant, you optically discern? You have a much nicer and a kinder hearted version of yourself, somewhere out in this world of wonders! And I will be elated if I have the delectation of meeting her, and that world! I better get going now, I don't want to disturb you further... even if I am truly disgusted by looking at you.

"Hey, Tanner. Don't you think she looks a whole lot like... What was the name..." \*Snaps his fingers\* "Audrey Hepburn? Well, only a whole lot taller, and with a sniper rifle always at the ready" - [Tobias Jones, Tanner's partner](#)

"If we hadn't identified Leila Sharan I'd have suspicions that she'd be the one who fired the rocket that busted out Jericho. She seems like a really proficient marksman, or markswoman in this case. Given her combat experience? I'd say she knows how to fire, when to fire, and why to fire. I'm not gonna miss the fact she is also a gifted mathematician as well. But the whole casino episode was both unfortunate and hilarious, it doesn't make a whole lot sense and would make James Bond facepalm, but it's alright" - [John Tanner](#)

"Doesn't make sense? Then I'm just gonna add it to the list of crap that don't make sense when I'm rollin' with you" - Jones

The daily song stuck in Tanner's head?: "On You" by [Leaving The Fold](#), [John Tanner](#) would like to [teach you about San Francisco](#) Based off: [Driver San Francisco](#)

"All I know is that you're wearing a wedding band, I an engagement ring, and you're an ass" - [John Tanner](#), Chapters 4 to 6 of Driver: SF
