No need to succumb to the 7-day autoprune when the thread can just be reposted though in form of a new thread.

Reboot threads seem everywhere now.

Lescaaris, a progressive democratic-diarchic merchant republic in the near-future "post-post-apocalyptic" America, where society is rebuilt and new nation-states have been created while the United States government is nowhere to be found (I doubt the setting is really important and relevant though). Famous for European architecture, EDM, nightclubs, civil liberties, job opportunities, and trade fairs.

(To get a general theme-idea, Lescaarch culture is a combination of Dutch, Italian, Belgian, Monégasque, and French cultures.)

Also "YL reacts to the above video!" is becoming a hotbed of summerpost and Rick Astley.

And the strangest thing to me is that when there is a nonsense video, the answers seem to be at least articulate; when I try to put in a slightly more meaningful (but equally short) video I always get answers like "oh yeah, nice video".

In short, what guarantees me that you have seen the video?

this also applies to the Rate the Music thread, which is reams of "X/10 it's ok"

Personally, I don't like replying to the same person on the leader thread anymore because it just gets stale after awhile (see that whole argument between Jerry II Walters and Charles Roland).

But since this meme made me laugh way harder than it probably should have, I will now make it my goal to reply to Nova whenever she causes the thread to die.

F7 monarchs are a funny bunch. The more sue-ish they get, the more likely that they'll respond to displays of power or sexiness rather than any ideologically sound reasons.

Speaking of which, I made characters for a project that Ari is bound to hate. They reminded me of Anippe and Nadine, which, IIRC...Ari loathes?

I don't think Yunru has *quite* argued with Charles yet, but I know for a fact that Charles hasn't had the **most positive** opinions of her... which I find quite funny, considering that if there's anybody's opinion that YL shouldn't take into consideration at all, or with a hefty pinch of salt... it's hers.

Unexpectedly wholesome.

Also, I don't want to set dates, buuuut the side project about Atlantis and a Green Sahara involving (a favorite of F7) a hot bisexual female monarch surrounded by sexy people will probably be finished quicker than the main. The side project is probably more SFW too, even considering that the monarch

runs around in a bikini and that weird Egyptian fishnet dress.

It's been considerably easier to write about than Nuclear Autumn through the perspective of some sorry 17 year old draftee who's entrusted to dump kerosene on mass graves.

In all seriousness, part of the reason I don't really participate in the Opinion on AL thread that much is because it does get pretty demotivating to make 300+ word posts, only to get a complete and utter summerpost (even worse if they've not read past the sidebar). Doesn't really help that, since I take a fuckton of time to write my posts, by the time I'll almost done with the post, I'll likely have been ninja'd, meaning I have to do another entire post, on top of the one I was already writing. Repeat that for quite a few times, and you can probably see why I've kinda been having a hiatus on that thread. I should probably come back at some point, though. Maybe even cover LP in the process?

Yeah...

Getting ninja'd on the Leader threads is absolutely horrible because then you have to *rewrite your entire post*.

A lot of times I feel bad for my ninja'd post I've written, so I usually post anyways and then add "Ninja'd, Arka Pasca is typing...." below it, before editing it to respond to the actual AN.
