"Hello hello mister Roboto! Kal's spoken of you often but I've not had the pleasure! It's so nice when one can experience such interactions for themselves, would you not agree? Now, I recall in some of Kal's rants that you speak often of this assimilation business. Now, I've looked around on the matter, and I have a hard time identifying how it is at all different from our current situation! We retain our individuality, but we can and often do work together on a great many things! What benefits does this purported process provide that is not already addressed by our existent infrastructure? I do wish to know this thing!" -Kaz'Ramael

Somebody please award this president a medal for their hard work, they of all possible people deserve it. I could spend hours pouring over your words to find deeper meaning. How long did you spend? Two days? Three days? I know writing that speech must have been quite taxing for you. Almost as taxing as it was for me to read it.

Let me make this clear to you. I will not stand down to enemies of democracy, wherever they may be. We may both be socialist nations, but we are not comrades. Any enemy of freedom and democracy is my enemy. You will be brought to justice, tried for your crimes, and likely executed for crimes against sapient beings.
