Being part of a cult in of itself will lead you to being imprisoned for multiple years in a re-education-by-labor camp, but murdering someone in the name of such illicit reactionary organization? Yeah, you're gonna get executed, no way around that

Founding and leading a political organization which marches the streets to publicly *advocate* for genocide against one or multiple ethnic groups?

Depends on what you've stolen. Usually for the first offence you're fined the value of the item, or sent to prison for a year. Repeat offenders get their hands chopped off.

Sneaking out with a pack of gum won't merit more than a simple "just pay for it" from police. However, there is an upper limit of \$20 of merchandise and goods allowed to be stolen at a time. In such a case, it is at the discretion of the store wether to press charges. Should that happen, thieves will be fined up to 5 times the amount of the total merchandise as well as another up to \$1,000 fine.

Depends on what exactly you where doing. Since you didn't cause an accident the punishment won't be as severe, you may get a small fine and told to drive more carefully.

Absolutely no punishment, but if you survive or were caught in the act of committing suicide, you will temporarily lose gun rights as well be in constant surveillance for a week.

Not illegal unless it hits them in the eye and causes blindness, in which case thats a 6 month prison sentence with hard labour.

Unsuccessfully inciting sedition.

Given a chance to air your concerns on national tv. We take sedition basically as a complaint against the government. Africa is a massive continent and if people are pissed off about how we govern them we will change it. Thats why we are so big on devolution. The people closer to the source should have more power than some federal government 1000 miles away.
