The feeling is mutual, it's about time justice be done and the right for national self-determination given to Jon!

The "Mighty Mo" is an *Iowa*-class battleship built for the United States Navy during World War II.

She is particularly notable for being chosen by General Douglas MacArthur for the Japanese surrender ceremony at the end of the war. She earned three battle stars during World War II, gained another five during the Korean War, and then was decommissioned in 1955 for over 30 years before her refit and brief six-year recommissioning in 1986. She is now preserved as a museum ship.

Chancellery issues directive to "immediately" deport to Jerusalem any Saracen non-citizen waving the Arab Fascist Flag in anti-Jerusalem protests; "a firing squad will be awaiting them at the airport" – opposition leader Sieghard Hölscher

Not surprising tbh

Republic of Hassay - جمهورية هاساي - République de Hassay

An Islamic republic located in Socotra known for its traditionalist esoteric mysticism, multifaith tolerance, ancient sites, and out of this world flora and fauna. It is the year 2006 and war has ravaged this idyllic island between Shiites and Salafi jihadists over the soul of Islam in the country. A land of martyrs and widows.
