Monkey 3974 tried to put out 3977's fire, but he got too close and set himself and monkeys 3973 to 3783 on fire accidentally.

BN: use Monkey 3782.

Monkey 3782 became another fatality of the firecracker refinery due to the aforementioned oil dousing. He was killed instantly and felt no pain.

Monkey 3781 was a firefighter. He was struck by a firework from the nearby firework factory and fell down 25 meters while trying to extinguish the fire from said oil refinery.

Monkey 3773 was thinking that Chuck Norris doesn't have a fist that replace his chin, until the real Chuck appeared and chin-fisted him, which also created a vortex in a process that erased Monkey 3773 from existence
