In most neighborhoods the people will propably voice their displeasure directly, first vocally and then with their fist and boot. The Police, should they be called, will also tack on their own brand for "wasting the time of the Imperial Police Forces", which is a way more serious crime than some minor disturbance.

Starting a fist fight on the street.

National socialism is a degenerate germanic ideology. So supporting national socialism is supporting germanism. Punishment for supporting an outside nation is death.

The spread of National Socialism is \*strictly\* illegal, and requires state-mandated rehabilitation for things like sensitivity training, along with knowing how to see through the lies of evil ideas like Nazism.

Attempting to secede

Snowland, officially the Republic of Snowland, is a country located in Northern Europe. Don't know what I'll do with this nation.

Attempting to secede

Likely a martial law declaration in said area, followed by the arrest of treasonous bastards. Secession is strictly illegal. In 1860, the southern provinces attempted to secede and form a socialist nation, the Socialist People's State of Seleucia. What followed was a nine year war that led to the destruction of the area, and secession declared illegal.

A brutal murder of someone on the basis of sex, gender, race, nationality, etc (some type of discriminatory hate crime?)

Likely to lead to a special forces operation to save the leader. A general would assume power in this case. Whoever was responsible can expect a hellstorm raining from the sky. If it was a foreign power, this is *casus belli* for a nuclear holocaust.

Setting a daycare of little babies on fire and killing the firefighters who try to stop it?

Killed by Civil Defence Force SOF (basically our notGIGN), either during the terror attack itself or when you are finally traced down and raided.

EDIT: ninja'd. You bomb a government building, expect a CDF-SOF raid on your house soon enough, and you will not be taken alive.

Assuming you are caught, you will be fined in addition to being required to pay your previously unpaid taxes. Only by refusing to accept a repayment plan and outright refusing to pay taxes could you face a light jail sentence which would include unpaid labor.

Depends on what type of impersonation it is, if a parody for tv or internet comedy programs it is fully legal, if doing so for actually malicious reasons, such as blackmail or extortion the suspect will be imprisoned but the sentence will vary depending on what they try to do.
