There existed two race inhabiting the planet of Ersetum which are the Humans and Teko. Relations was good initially until humans started claiming their land and killing them which ended in their Goddess killing the entirety of humanity in their land.

There was a World War III, and the wrong side won it. Just as much as you might expect from a Russo-Chinese dominated planet, Earth went to the gutter afterwards. Thankfully a martian colony was created beforehand.

AN: Much of the territories granted to Poland in OTL Potsdam Conference were later returned to Prussia. I'm actually curious if the ethnic cleansings of OTL took place (and if so, what happened to said Poles after Prussia got back its rightful territory?)

It was between the timeframe of 1944 - 1946 so ethnic cleansing had a less of an effect on Prussia and that primarily happened in the territory of the General-Government, Posen, and the border strip. Then the original

inhabitants returned after 1948 to the Silesian territories that Prussia controls. Poles though, well they stuck around in Danzig and Prussia tolerates them.

Despite being a constituent part of the Holy Roman Empire, Die Grootfriesië (Amerikaans) operates as a proud and independent nation. Very cool.

the lynching of a Communist in the 1950s caused sectarian tensions.

What if Eastern Rome survived?

Basic Overview: Basically an althist where Basil II actually has decent successors who build on his achievements, resulting in a STRONK ERE that beats back the Sejuks and eventually does it's own reconquesta in the Middle East. Also, The Crusades never happened, the Viking conquest of Britain succeeded, Genghis Khan died as a young prisoner in a tribal camp, Alexander Nevsky united Russia, and the HRE became a centralized state and destroyed France and the Normans.

Rhomania stagnated technologically and lost battles against Britain and Italy in the 19th century while the ruling class resisted any attempts at reform. Terrorists tried to overthrow the monarchy and almost succeeded in 1904, but any further attempts at resistance or reform were subsequently crushed by the Emperor's successor. But then World War I happened and Rhomania lost, leading to the establishment of a republic in 1922. However, the monarchy would be restored once again in 1936.

There are seven 'autonomous nations' under Valentian administration.

★ **The Plurinational Socialist Federation of North America** ★

"To a world of liberty and equality for all!"

A council communist federation that emerged from the ashes of a period of mass social upheaval in North America.

This nation takes place in a world where humanity is in the early stages of expanding into space.

Oddly enough, their capital city is some Mexican city known as Fort Zapata instead of popular choices like New York or Chicago.

The Avant-Gardist State of Patagonia ~~~ *Gauchos and Mapuches, orgies and parties, avant-garde art, futurism, syndicalism, the New Man, general strikes, the glorification of violence, spiritual nationalism, esoteric occultism, CIA spooks, Spartanian homosexuality, public sodomy, and more*

- There are many things said about Patagonia but few actually know what goes on behind the Andes mountains. Tales of human depravation and man's inner darkest self run wild. A place where avant-garde culture flourish and the artist don't fear the censor. Where all live bold and free under the gaze of the Patron. Yet all dreams will come to an end soon...
