CYNIC, n. A blackguard whose faulty vision sees things as they are, not as they ought to be. Hence the custom among the Scythians of plucking out a cynic's eyes to improve his vision.

Been listening to a lot of Bob Dylan recently. I am loving his Nashville Skyline and New Morning albums, very soothing

Into the Void.

Hi, I exist.

If you think I care about (american presidential) politics you are sorely mistaken
I like sirloin steak, which is obvious.

This also isn't serious, and the factbooks, despite my nation name being on
them, will be on the serious one when i get round to it... Till then, this is a
placeholder.

The West won the world not by the superiority of its ideas or values or religion ...
but rather by its superiority in applying organized violence. Westerners often
forget this fact; non-Westerners never do.
