Parliamentary democracy

Ngotintu is a nation in the African Great Lakes region sandwiched between Malawi, Mozambique, Zambia, and Tanzania. It suffered extensively from British colonialization and exploitation, and is now ruled by a dictatorship with an iron clenched on the entire nation.

I'm guessing it's a fascistic Catholic monarchy, though the Xi Jinping edit is throwing me off a bit.

## Tribal Confederation

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.
