Dying Fetus - *Fate Of The Condemned*

Sounds pleasant... I'm currently listening to the Minecraft
Soundtrack. Most calming sh*t I've ever heard... ☐

Edit:

It's really good to listen to whilst doing homework. I highly
recommend it.

Often I prefer music with a bite. Keeps me calm and collected.

Alice In Chains - *Sea Of Sorrow*

I mean, we can actually create a mathematical definition for evolution in terms of the
evolutionary algorithm and then write code to deal with abstract instances of
evolution, which basically equates to mathematical proof that evolution works. All
that remains is to show that biological systems replicate in such a way as to satisfy
the minimal criteria required for evolution to apply to them, something which has
already been adequately shown time and again. At this point, we've pretty much
proven that not only can evolution happen, it pretty much must happen since it's
basically impossible to prevent it from happening.

It depends for me. I just try to be open to anything and everything,
as long as I consider it good. It can be blasting in your ears metal or
putting you into a trance mellow as far as I care. Probably depends
my mood.

This has pretty much become the thread to go "I am listening to
this!", and really doesn't serve a whole lot of purpose other then
some way to wrack up posts and entertain ourselves ☐

Ariel Pink's Haunted Graffiti - Are You Gonna Look After My Boys?

I love this guy. His music sounds like really warped, alien stuff being played through a radio in the 80s.

Makes sense. Almost done with the soundtrack, *Sweden* is by far my favorite. The songs on this tack work perfectly for this game.

Probably the only reason I still play it ☐ that game frustrates me so much...

Pipeline, by Dick Dale

Anti-fascism is a common obligation for sensible citizens of modern countries.
But why was the term stolen entirely by anarcho-socialists?

It's probably her worst album, and the one I listen to least, but it's still awesome. Homogenic, Medulla and Vespertine are her best. I think I'm a bit obsessed.
