Now that I have become even more specific with tastes and what I actually feel is superb quality, this definitely feels like the weakest Porcupine Tree album in recent memory.

Hell, as my tastes went further, I don't think Porcupine Tree is as awesome as they used to be, period. Same with Steven Wilson's solo work.

Doesn't mean I don't think they're good, though. Just I have become more specific with what I think TRULY deserves high praise.

Porcupine Tree-Flicker

One of the best on the album.

Porcupine Tree-Remember Me Lover

Giving the album a 7/10. Lots of boring filler songs that don't really do anything for me with good ones here and there (The above one)

Porcupine Tree-Fear of a Blank Planet

Probably the best Porcupine Tree album, and the only one I own physically, so far.
