You listen to a lot of metal, right? You should check out Solstafir.

Except maybe a few of their songs, like the above, if you don't like metal that starts out more mellow.

Solstafir is good band, I've known them for few years already.

Yup, if I remember right we discussed about Solstafir both in this and the metal thread. Also, in my opinion Ljós í Stormi is best track from their new album.

I've admittedly only heard about half of their new album, and that is all I've heard total. That one's definitely a favorite though.

Wondered what the fuss about Girls Generation was.

I should give it a listen.

Weeble Wobble is my favorite name of theirs.

Never heard of Girls Generation. Or, if I did, it didn't stick well.

Rishloo-Weeble Wobble.

Did you listen to it?

Weeble Wobble!

It's just some Kpop group. Didn't like it either.
