In the 21st century?

There's always a bit of confusion related to that sentence, and the truth is that we've never allowed Child Labor or had Compulsory Organ Harvesting. One day ICly there was some sort of confusion that led to Child Labor and Compulsory Organ Harvesting being law for a long period of time, without actually being legal. The Allied Tribe later sorted out that problem after about 1 year of it being in place. OOCly they were just mistakes made before I had legislation confirmation turned on.

Also, this isn't the 21st century. If you could stop by our factbooks (especially the history factbook), that would be nice.
