Neer mind, skipping through a bunch of this one, too. I guess most orchestral music just doesn't do anything for me. Doesn't help most of it is just kinda bland...Though the Mass Effect soundtracks have it at least somewhat more interesting.

Mike Morasky-Science Is Fun

Huh, RYM has the Portal 2 soundtrack separated into all 3 different volumes, and also in the compilation form of all the volumes, plus the Portal 1 soundtrack. Think I'll rate all 4 just because.

Not going to finish all the soundtracks again today...Doubt I'm going to listen to all 3 hours of this soundtrack tonight ☐ Though I'm skipping through some just to speed up the process. The main thing though is I actually like most of this soundtrack if I recall...so listening to a lot of it.

Mike Morasky-I Saw A Deer Today

I still think it's interesting that they made entire songs off of sound effects in the game...Or, there was so much music they used some full songs the guy made for sound effects. Portal 2 is a very musical game.
