Most Gods, such as Alexander Mercer, Nyarlathotep, or Elizabeth Green, cannot physically manifest themselves in their entirety in a single form, and their consciousness is thus distributed, the focal point of said consciousness forming an "avatar".

If I'm reading the propaganda properly, I think that during WW2 a communist revolution overthrew the Japanese Empire and, maybe with Chinese communist and Comintern help, beat back America.

NNRK is a tool used by the insecure government to suppress anyone that dares criticize what they wear and how fat they are getting to its unhealthy lifestyle.

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

They literally have a military project dedicated to protecting themselves from an alien invasion. A city-state protecting itself from an alien invasion. 🤖

Freedom of the press ensures all sorts of news can be broadcasted in Soudar, fake or not. Though most of the population is smart enough to discern fake from real news.

Prior to the arrival of the Menschlicher Sternenstaat, there was a nation that inhabited the territories that the Human Star State now occupies. This nation was called the Veran Star Confederation, which is described as a union of democratic Human states. The origin of the Veran Star Confederation is, amidst of overpopulation and ever-growing polarization of Vera, many colonists set out to seek new lands.

Ren Cao is the supreme commissary (prime minister) of the Pan-Asiatic States, and attained this position after the previous supreme commissary was assassinated. He grew up in Beijing as the son of a war veteran, and heavily studied communist literature, eventually becoming a member of the Asian Communist Party. He is nicknamed the "Silicon Mayor" for his work in improving the infrastructure for information and communications technologies in Nuevayangtze in the 2010s.

Queen Asia is practically worshipped on her (constantly-changing) birthday. The festivities include parades, rose-throwing, a concert, and a speech from the Queen. The total cost of her birthday is in the billions
