Well that's new. Some people while I was sitting in the car at a grocery store waiting for my sister and dad to get out of the store thought I was being creepy somehow ☐ ☐ . Maybe I shouldn't watch people go by in the store while singing to myself and being all ADD-like with not being able to sit still and I'm like playing music on the car. Because it came off as creepy to people or something.

Fine.

Try the song I posted, Pa Vikingtog and give it an out of 5 rating.

I was only curious. I changed mine because I have a crush on Johan Liebert, and it's just too cute having him with his twin sister in the flag. ☐

You can use a Y/N rating system instead.

Using people I have a crush on feels creepy. Well...except I was just using Beyond: Two Souls main character which I have a crush on because it's Ellen Page, but that's beside the point.

Instead I'm now using some dark creepy artistic uniform by Fever Ray. Pretty sure that's one of the things she used in live shows...

It's entirely normal to have romantic feelings for video game and anime characters.

My next flag will be Schrödinger the neko from Hellsing who is my one true love. Isn't he gorgeous?

Probably because you clicked the wrong link. It was supposed to be [Pa Vikingtog](#). Marching songs can be great when metallized.
