I've never seen them, other than them being reported in Moderation for creating various threads in NSSports. So not very well-known. (I totally do not lurk around moderation from time to time just looking to read some random NS drama that I barely understand... Oh no! I would never do that!)

I have not seen them around these parts either, but judging by their join date, I'd say somewhat well-known.

I have not had the pleasure of knowing them, but I am going to assume they are probably not well known unless they have a different main.

(I should note that this is not my main, and neither is my current main my original main, but I am mostly active right now on here)
