### [Zu-Soulympics Ft. Mike Patton](#)

Despite what people seem to think, this is NOT a project from Mike Patton. It's a band that has him as a guest star on a few songs. I enjoy Mike Patton, but this ridiculous Mike Patton worship of "Anything he is in is suddenly HIS project" is getting on my nerves.

How is that weird. That piece was a regular feature in the soundtrack of many old SpongBob episodes.

My bass playing.

"I'm Yours"--Mraz

A bit poppy for my tastes, but it's not terrible...now, why is it close enough to Muse for Pandora...?

Cause Pandora is really bad at classifying music. Also, Jason Mraz is pretty blech.

Well, his style of music is at least bearable by my standards, but I agree there's much better out there.
