"This Luden fella sounds like something pulled straight out of a fantasy novel. I've done my fair bit of reading, the general eerieness that resonate with me are that of Western authors like H.P Lovecraft. He's a King, I don't like what feudalism entails, and I certainly wouldn't approve of being ruled over by an immortal monster. The authorities were right to fear the beasts like you, Luden. The King wouldn't have orchestrated a genocide of your murderous kind without a good reason. Your expansionist policies and rampant militarism allude to your innermost imperialist desires, which would be to propagate more of your kind at the direct expense of those beneath you. I get it, your mother was imprisoned for being different, and your father was helpless to prevent her transformation. Some people are cursed by circumstance, but I can't bring myself to sympathize with a monster liege. You could have used your immortality for the greater good, nothing in the Low Bloods can really keep you down forever, and that wasted potential is what I consider to be your greatest tragedy."

High Princess Reissechi Yuri

"Its been quite recently that I have heard from a lot of comrades about tall and beautiful tales about a certain glamorous woman who is leading a revolutionary militia in the cold forests of Alaska! And here we have heard about your story of this young, magical and strong girl who is leading a renowned magical militia of FoeHN in Alaska, whose name goes none other by "Yunru"!

Some cadres and consuls have went to Alaska and told me that a cute Chinese anime girl truly she is! Of beautiful white hair, a cute face and attractive anime beauty, a charming woman who quite befits a strong leader of FoeHN Paramilitary Bastion! Other contradictory accounts told by other comrades who have went from FoeHN has told me the opposite, of an ugly disheveled Chinese woman who looks like an old hag who does not even shower and dress up with messed up hair! I do not quite believe this less than flattering accounts, as perhaps it is made to discredit her! And who would even believe that, that a beautiful girl in her 20s does not shower, nor bathe, nor brush her teeth!

I have a catgirl comrade who came in to FoeHN and only told about her entire trip with praise and affection for you, Comrade Yunru! She said that everything is well-ordered, that everything is scheduled, that everything is taken care of! I said that it must be how revolutionary disciplined other party cadres are in Alaska compared to our National Weijyahowr of Faeries! And they told a rumour about you Yunru-chan that you even schedule how you poop! I do not know how true is that, but they also say about how you well-guard yourself and suspect all others who plot against you, even including that man Anatoly!

I in fact understand how on-guard our comrades must be against all threats that befall against them, as in Feyrissshire for example there are a lot of revisionists

and reactionaries who threaten to destroy our socialist dictatorship of the proletariat! And it must be the same for Yunru-chan that lots of people and reactionaries... enemies have plotted to destroy her and she has protected herself from threats! In fact, the Russian bald man with a tattoo on his head who is rumored to have psychic powers named "Yuri" seems like a reactionary! In fact, a comrade gave some of her drawings to Comrade Kashka and noted how artistic the drawings are! Full of expression and full of scary shadows and figures! Frankly I couldn't understand the drawing though!

They also told how well-trained you are Yunru-chan from the People's Republic of China, our comrade nation! And the arduous journey that you went in from Siberia to Alaska in order to get there, and the South China University of... South China! But the comrades also say that "Comrade" Yunru is a follower of the CCP and is a Maoist! I can see with such charm, and beauty, and how valiantly she led Foehn that deep within I can see the character of a beautiful Maoist girl! And it is only with her that she can lead Foehn into a successful People's Protracted War in Alaska, as Comrade Yunru is truly a Maoist and is a true friend of People's State of Feyrisshire!

In fact, when we met Comrade Yunru-chan (like Comrade Nyanchi has said to Comrade Yurika), we only saw a beautiful girl whom we can have praise and lots of understandings and agreements! In stark contrast to the fascist roader like that old man General Townes from [Russian-American Continental Alliance](#) who is simply an execrable and odious man to be with! (In contrast, we felt the same warmth in the heart with meeting agreeable people Kristallin and Z in Alaska!)

One can say perhaps that I admire Comrade Yunru-chan as well!

Statement on the Feyrissshire 'High Princess' Reissechi Yuri

Polish People's Republic
Jeszcze Polska nie zginęła!

How weird it is that a leader of a socialist nation not only is a young woman, but is also a monarch, of some sort. Although, having read into the function of the Feyrissshire state and government, the position of High Princess seems to be little more than an elected premiership with a crown, and is really just the place as the head of the government within the country. So perhaps I am wrong about the High Princess being a monarch as I am not familiar with the Feyriss nation's culture and language after all. After having looked into the policies of Reissechi Yuri I do believe that the interests of the High Princess are aligned with those of the socialist world, even if I find myself disagreeing with her state's celebration of such figures as former Soviet General Secretary Josef Stalin and even the foolish Mao Zedong. Stalin made many mistakes during his rule, and to cling to him would be an endorsement of mismanagement and cult of personality. I do not hate the late General Secretary, but I find his method of ruling to be one of senseless paranoia and unnecessary purges. But of course Stalin did make the USSR into a great world power, and he was instrumental in the victory of the people over fascism and in the liberation of Poland and the fraternal nations. Mao on the other hand was a rogue figure whose ideas mangled the core tenets of Marxism-Leninism and brought devastation to the Chinese economy, even when he was given the aid of the entire socialist world to build China in the first place. I find no reason to support such figures who split the international socialist movement in favour of their own idiocies and misrule.

As for the woman herself, I think that she is too young to be leading the nation, but if the Feyriss Communist Party disagrees with me then so be it. Her own rule has seemingly resulted in a repeat of Stalinist problems, such as mass purges and large scale repression of more agreeable individuals within the party. I do, however, agree with the abolition of economic liberalizations, as the state of the proletariat must centralize the Means of Production as to avoid the law of value being the key regulator of production. If the Feyriss

seek to develop socialism within their country then Poland will actively support them in their endeavours, although hopefully the High Princess (I still find that using such a term to describe the premier of a socialist state to be bemusing) will eventually learn from the mistakes of Stalin and come to her senses surrounding the question of Mao Zedong and this 'anti-revisionism' (Albanian?) nonsense in favour of collaborating with other socialist nations in their work for the betterment of mankind.

The Polish United Workers' Party sends its greetings to the Feyriss and to High Princess Chief Secretary Reissechi Yuri, hopefully we may be able to meet in person to discuss your policy and path towards socialism. Best of regards to your nation in its attempts to construct a people's nation, and a warm welcome to the socialist world from the working people of Poland. Remember that the world socialist movement is stronger when all nations march in unity and not when it is split up by fools and wavering leaders.

Also, this is another nation, I have 3 other older nations you seriously think that just because you're older, that you have a higher status than me? And, sure, I accept summiness or whatever, if you think that because you joined before me, you have some sort of superiority, you must be drowning in your ego, you know what, I'll make another post with more detail/skipme

[Kai Tsolan](#): A strong leader who made his country strong and independent while still maintaining good relations with their allies while trying to make friends with the west in search of better technology. From a foreign relations perspective, Roman is a sensible individual who knows that in geopolitics,

there are no loyalties, only same interests.

You aren't some red monarchy who got to his position because your father was dear leader, you actually had to fight your way up the military and up the ranks and once you got there you turned this country around and made it a better place. Nationalism and Socialism really is a great combination and for that I salute you as a great leader. Wait, that sounds wrong. Hang on I've heard national socialism comes from somewhere... oh shit.

Now this doesn't mean I agree with everything you or your nation does. You are a one-party state with the military playing a big role in politics, I presume the media isn't going to be all that free, censorship all over the place and if someone takes a piss on your portrait then they will get shot. Plus I heard you killed 300 protestors, Holy **baotal**. I mean hey we kill warlords in Sherechia, not regular protestors. Also we have a parable that a leader leading the country is like a rider riding an animal. What you're doing here is pulling so hard on the reins to get your country to the right path it causes injuries to the animal. Nothing wrong with that until your country bucks you off, in other words, overthrow you.

Your disconnect with the polish people, especially on religion is concerning. Instead of fighting this faith, you need to take it to your own advantage. Tell them that fighting for the glory of the socialist cause is divine intervention on a grand scale. Trying to fight an entire religion never ends well for anyone. And I say that as a non-catholic. So yeah, I really have mixed opinions on you. You're not the worst leader, far from it but I have some things to say about your human rights record.

Edited to include Kor's human rights violations.

Why, Daikan is a fine example of a war mount one may only dream about! Intelligent yet brave, in good relationships with his rider and most of all with a pair of very hard and hardly-punishing horns, I would love to know of what breed he is- they'll make a fine addition to our cavalry units! Even though with such drastic measure would by all reality spark an atomic war. Where your country would be decimated, and that of the rest of humanity. Nonetheless, it does bring me pleasure to see a fellow soldier in arms despite not being from the same lands. However that should not mean I shouldn't respect a fellow warrior, we are the few and the brave that are willing to put on our necks on the line for our people, and that must always be commended. Otherwise, the Queen on what I can find appears to be willing to resolve issue with diplomacy, and not rely on violence and further escalation to see who is the most right in the conflict. Which is good as the last character I've met would rather see the world burn than resort to an alternative means to achieving your goals, and by peaceful and diplomatic means. Overall, I'm neutral."

I, General Onox, wish to say with that, that I, General Onox, haven't got the slightest clue what to think about him, although I, General Onox, guess he has some stick up his butt, which would explain his angry attitude. I, General Onox, however, honestly have to admit I, General Onox, also don't really care about him at all. He should probably declare someone more interesting his spokesperson so we can have someone actually interesting to talk about here."

Good morning General Onox, I am the Prime Minister of Grande Germania, The Leader Locked himself in his office screaming that you are a crap and that he will bomb his capital following his statements, I personally consider you a good Chief (but not tell The Leader, please) and I hope he continues in peace in his government "

"The leader of Grande Germania is...interesting, to say the least. His name and his face are completely unknown, and his policies resemble that of our country when it was ruled by communists, minus the feudalism, ban on alcohol, and ban on smoking. I presume that he's too afraid to show his face to his people, lest he be called out for his completely...idiotic decisions. If there is ANYTHING positive I must say about him is that I quite like his implementation of autocracy in his nation. It shows that he knows how to consolidate power, but how long is it until another socialist leader falls to the hands of the monarchists or the democratic opposition?"

"General of Darkness'... is this supposed 'leader' of the Onox Legion really a mighty ravager who instils fear in all those who are unlucky to face him and his men, or is he merely a 14-year-old kid? Well, he certainly has the personality of the latter, in either case. This whole shtick, "Grr, me an angry man," is nothing short of depressingly hilarious. It's even more so insulting that, in spite of your obvious barbarism, you still try to try to fancy yourself as a real general, worthy of any honours of the high-class. It makes one wonder if your neurotic hygienism is an attempt to cleanse yourself of what you are - a brute, not a gentleman.

I feel pity for those that he encounters, though not in the way Onox would wish me to. It must be such a pathetic experience to be raided by an equally

pathetic, overgrown toddler with an army of furies and other weirdos. I bet any survivors have to take a deep, deep look in the mirror afterwards, to ask themselves: 'Where the hell did I go so wrong?'

Go learn some goddamn manners and start acting like a proper leadership figure, instead of merely pretending to be one. I've seen petty criminals with more class than your scalie arse."

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

Aight, what do we have here... Why, you sure do remind me of my leader, although Alexandria is way, WAY more idiotic than you are. You truly stand for your ideas, ready to suffer for them in the hands of your government- and while we may have some disagreements concerning your life choices, religion and other, I neither the less can but commend such a determination. Your military service, however, is someth8ng much of interest to me. Landing not once but three times while losing engine power is something only a few pilots can achieve- especially having the guts not to bail out and try to save the aircraft. Overall, while we may have some disagreements, you'd sure make for a good person to work with... If not for your orientation and religion- sorry, but Catholics are just not my cup of tea...

Statement on the Lakan Field Marshal Otto Von Ludendorff

Polish People's Republic
Jeszcze Polska nie zginęła!

This laughable claimant of the rank 'Field Marshal', Otto von Ludendorff, is nothing short of the most pathetic military leader I have ever had the misfortune of finding out about. Not only is he forced to resort to utilizing nuclear weaponry to defeat an enemy that was beating his poorly trained and shoddily prepared troops, he also ends up annihilating his own men with the weapons at his disposal and laughing it off as attrition. Were he under my command I would have had him tried under a court martial for his blatant disregard for the lives of his own soldiers. It is incredibly amusing that he is part of the von Ludendorff house, proving that the Ludendorffs keep producing fascist embarrassment after fascist embarrassment. The country that he represents, 'Laka Strolistandiler' is perhaps one of the worst jokes I think I have been cursed to read about, and is nothing short of a travesty of lunacy, the horrors of the atomic bomb, and despicable oppression done for the sake of preventing the fall of capitalism. Fascist incompetency keeps rearing its ugly face and showing the true nature of the bumbling decay of capitalism, displaying the full horrors of the rotten march that all fascists embark upon.

As communists we have nothing short of utter contempt for figures that serve fascist regimes and that actively brutalize the innocent and freedom loving peoples of the world in the name of their warmongering Hitlerite leadership. It is in the best interests of the working people of the world if fascists everywhere are stamped out and their peoples freed from the tyranny of capitalism in decay. The guard dogs of genocide and anti-communism must be crushed if the world is to be freed, and Otto von Ludendorff is no exception to this rule. The free workers and peasants of the world will one day find their great enemy, and there can not be and will not be any mercy extended to fascist dogs.

Such individuals as Ludendorff deserve to be shot for their crimes against humanity and the actions of their fascist goons. It is unfortunate that he is allowed to live in relative comfort and has not been killed by those who realize the farcical nature of his life and the gross over-exaggeration of his 'achievements' (which were never more than laughable excesses made by armchair generals who are only able to win by throwing their own people to their deaths). Hopefully I never get to see any mention of this lunatic bastard and representative of a repugnant fascist state again. I can only wish the agents of fascism nothing short of slow and painful deaths for all of the suffering they have brought to the world and especially to Poland. May you burn for all eternity and your people be freed from tyranny.
