Monkey 4143 failed, by a single mere place, to capture the famed number 42, instead capturing 41 and 43. He then impaled himself with extreme humiliation and regret.

My IC Character likes to collect titles, especially from foreign nations, if you would like to grant me one, you may do so here: [viewtopic.php?f=4&t=482842&Start=1](#)

Titles will be granted in return and your involvement is greatly appreciated, Thanks and may God bless you!

Only some NS Stats are canon for my nation, so better to assume they aren't rather than they are, thanks! :)

Monkey 4136 had mesothelioma; both Monkey 4136 and his wife, Monkey 4135, were entitled to financial compensation. Monkey 4136 took his compensation and put it toward a hydraulic press, which he decided to test on himself.

Monkey 4130 was the surgeon who oversaw the botched organ transplant which led to the death of 4131, who turned out to have been a senior government official. He was fired and stripped of his medical license for messing up a critically important surgical procedure, and three days later, he was shot dead in a raid on his home by government agents.

Monkey 4124 was forced to watch the Emoji Movie on loop. He went insane, set the building on fire, and burned up.
