Great Album, I'll be buying it this weekend, and I don't buy Albums unless the Artist and Album are great, and It's to support the Artist, I've bought literally 2 other CD's, so when I want to buy another that's saying something.

I've known songs like Over The Pond, Window, Always For You, and Writings On The Wall well for a rather long time, along with knowing some other one's

from previously listening to an album a bit, but other than that, most of what I have been posting is new to me and I've never listened to the songs before.

And never underestimate NationStates. We have an interesting music community here ☐

Good song, one of my favorites by that band.

Other songs still playing....and when I posted I was listening to it I listened to about 20 minutes of it already. Man, I forget how long a song as long as a normal album feels ☐
