Enslaved - *Forsaken*

**CVT Temp wrote:**

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Tech levels incompatible? Then kick me out of the thread, because if you RP with me you accept my tech.

Note: Before 2480, Olwe was called Athan. If you see this word in a thread, it's because you mentioned a year incompatible with Olwe in that thread but still made it open to all techs and therefore are allowing Athan's magic.

Lupe Fiasco – Jesus Walks (Ahk-A-Fella Version)

☐ Almost like it better than Kanye West's version (the original).

[Wreck and Reference-Spectrum](#)

Still loving this song.

*from this forge*  
*a fraud elemental*

rent from flames  
unripe and unsteady  
it adorned  
with muted palette  
a spectrum restrained  
and blurred

swaddled in embroidery  
so dear  
diverting critical  
gaze  
wrought now  
but take to it  
with hammer  
chisel hatchet  
and blade

recast this iron  
work without remorse  
fashion a new frame  
do not sleep  
burn scars are medals  
in this solitary race

Jon Connor - Jesus Walks

Some of the realist words I've ever heard in a rap song.

*If we know that everybody is our brother  
Let's try to better each other  
Instead of turning our nose, acting like we're better than each other  
So no matter what race, creed, color or religion  
Sin is a sin and that ain't a matter of opinion  
Instead of arguing over religion, debating what it might mean  
Let's focus on what really matter, and that's doing the right thing  
So before you judge that lil girl in them tight jeans  
Try talking to her instead of chastising because just what she might need  
Is guidance, and you could be the one to provide it  
Lack of communication got generations divided  
And ain't nobody perfect if you ain't make it to service  
As long as you worship and gave thanks, God heard you  
I just hate when they're trying to misinform us, to separate us  
When the focus should just be giving thanks to the one who made us  
And no, I ain't no preacher, or the Speaker of the House  
I'm just the people's rapper, Love God and speaking out*

Yes. The posts look fucked up, which probably has something to do with how Corrian edited his message.
