Die Eier Von Satan - Tool

Genre: Progressive Metal

Album: Ænima

Sounds evil as hell, all the vocals are spoken in German, and sound like a Nazi rally. It's fun to see people raise their eyebrows when they hear it. The words themselves are actually just a cookie recipe...but without any eggs...but people seem think German = Nazi so there's that. Either way Tool's a fun band ☐

The Black Eyed Peas are one of the epitomes of the kind of hip hop I detest. ☐

Lil Wayne – Hustler Musik

Talks shit about The Black Eyed Peas, listens to Lil Wayne song
This is one of his good songs though..the beat has this unexpected reggae vibe, and Wayne still put *some* level effort in his lyrics. ☐

You know you're a Tool fan when you renamed your desktop's Recycle Bin to "Arizona Bay" so you could "flush it all away" in reference to this song.
