They've got a strong culture of decentralization and local communism which reminds me of Switzerland.

Throughout the Cold War, Ravensburg was divided, politically, between Soviet Sympathizers, Laissez-Faire Capitalists and Rhine Capitalists. Things only got worse when a the Laissez-Faire supporters lynched a communist.

AN: The archipelago is divided between foxfolk, squid-folk and humans. While the squids (the Ikakami) are the natives, they only make a bare majority of the total population, with the foxpeople (Kitsunemimi) make the largest minority.

Their world factbook is fun to pick apart: Hungary is borderline genocidal when they helped in adding fuel to the tension in Yugoslavia and then began to invade Vojvodina which has a sizable Hungarian populace. They committed a genocide here and there and called the Serbs as a pest. Ya'll like to partake in gunboat diplomacy and regime changes; how about deal with this one?

The ~~Inkings~~ [Inkings](#) ~~Ikakami~~ arrived on the archipelago about 45,000 years ago, becoming its main population. Thousands of years later, it was discovered by the Japanese. Many fox-eared refugees came over from Japan as they were being persecuted there.

Apparently Rommel converted to Islam and offered his service to Libya to defeat the Western powers and Israel. Then, the then-reigning Sultan Idris I was deposed in a military junta. Surprisingly, as Libya is an Arabic nation, actual advancements when it comes to women's rights were made after the Sultan was overthrown in favor of the *Jamahiriya* system, which had socialist and direct democratic elements.
