Just a Grunge/Post-Grunge marathon. I was listening to all my Korn songs on my iPhone, when somehow a Seven Mary Three song got in there, and so that led me to Silverchair, which led to Pearl Jam, which led to AIC, which led to Bush. You can see the trend with your own eyes on these last few pages.

"There's a time when the operation of the machine becomes so odious—makes you so sick at heart—that you can't take part. You can't even passively take part. And you've got to put your bodies upon the gears and upon the wheels, upon the levers, upon all the apparatus, and you've got to make it stop. And you've got to indicate to the people who run it, to the people who own it that unless you're free, the machine will be prevented from working at all."
