I'd be concerned with how large the government is and how easily it could turn authoritarian, but the current state of your nation looks great so it seems like it would be pretty good.

EDIT: I want to rephrase my earlier statement about the country being too easy to become authoritarian. I'm not saying it would be THAT easy since it is still a democracy from what I can tell. What I mean is that it is still easier for it to become authoritarian than a democratic nation with a smaller government. That is what I meant.
